<input type="checkbox"/> Other _____	_____	_____

2) Do any of the data layers you selected extend outside of you municipal boundaries? Describe. _____

3) In most cases, Southern Tier West requires you to make a staff person available to accompany us out in the field while we do the GPS work, preferably someone who knows the asset/system well enough to point and direct us during the collection. It typically works best also if that person can drive our staff person around during the collection in a municipal vehicle. Is this something you can accommodate us with?

Yes No

4) Southern Tier West can have multiple staff members out collecting at the same time. Can you make more than one of your staff members available to accompany us? If so, then how many? _____

5) Does your department have access to the following to assist in the data collection process or the data review process? (Check if "Yes")

Transportation (Truck) Metal Detector Tape Measurer

6) Southern Tier West hosts all collected GPS data on our web-based Community GIS Viewer. Have you used the Community GIS Viewer at www.communitygis.com before?

Yes No

7) Does your department have access to the following to assist in the data review process? (Check if "Yes")

Desktop Computer Internet Connection Smartphone/Blackberry
 Laptop/Notebook PC Microsoft Word and Excel

8) When can we start the data collection in your community? _____
